

fi::FastImage::getViewWidth

```
graph LR; A[fi::FastImage::getViewWidth] --> B[fi::FastImage::getTileWidth]; A --> C[fi::FastImage::getRadius];
```

The diagram illustrates a function call sequence. A central box on the left, labeled 'fi::FastImage::getViewWidth', has two arrows pointing to the right. The top arrow points to a box labeled 'fi::FastImage::getTileWidth', and the bottom arrow points to a box labeled 'fi::FastImage::getRadius'. The central box is shaded gray, while the two destination boxes are white.
